

## *OBITUARY*

### **MARK ROCHE - ? – 22 August 2020**

I have to report the sad news of the untimely death on 22<sup>nd</sup> August, after a very short illness, of Mark Roche of Stanhoe, and send condolences to his wife, Pen, and their family. Mark, who formerly served in the Honourable Artillery Company, has been a supportive member, and will be sorely missed at our lunches. He was also a well-known local businessman, having founded the Norwich firm of Chartered Surveyors which bears his name. A keen cyclist, Mark was happy to cycle to Fakenham for shopping; until a few years ago he was also an enthusiastic pilot of his Auster, from which he took many aerial photographs, including a number of the village, now held by the Stanhoe Archive. He was a long term member of the Parish Council, the Parochial Church Council, and of the MEHM Trust which is responsible for the Reading Room, and of which he was chairman for a number of years. He will be sorely missed.
