11:00 – 12:30

Services for Veterans provided by the RBL

Our groups offer a safe, supportive space to listen or talk (if you choose) with others in similar situations.

Sessions are gently guided by an RBL Specialist Dementia Admiral Nurse and shaped by the people who attend — what's on your mind, your questions, and what you'd like to talk about.

You are welcome to come along and take part in whatever way feels right for you.
